

# Canned Tomato Report

**Tomato Products, Canned-** The tomato for canning harvest is seasonally slowing. Steady to higher canned tomato prices are anticipated in the coming months.

|                              | <u>Market Trend</u> | <u>Supplies</u> | <u>Price vs. Last Year</u> |
|------------------------------|---------------------|-----------------|----------------------------|
| <b>Whole Peeled Standard</b> | Steady              | Good            | Lower                      |
| <b>Diced, Fancy</b>          | Steady              | Good            | Lower                      |
| <b>Ketchup, 33%</b>          | Steady              | Good            | Lower                      |
| <b>Tomato Paste- Ind.</b>    | Steady              | Good            | Higher                     |
